Madyan - 19020, Swat , Pakistan

OBJECTIVE

I am a dedicated Front-End developer with a strong focus on creating polished and efficient web interfaces. I am currently enhancing my expertise in ReactJS and NodeJS, working toward mastery as a MERN-Stack Developer. With an emerging interest in DevOps, I am keen to contribute my skills and collaborate on innovative web development projects.

EXPERIENCE

- **Front-End Software Engineering Intern**  Dec 2024 - Jan 2025
Forage (SkyScanner) Remote
 - Developed a web application using **React** as a front-end engineer at **Skyscanner**, simulating real-world software engineering tasks.
 - Implemented a travel date selection page utilizing **Skyscanner's** open-source **Backpack React** library, enhancing user interaction.
 - Customized the application and conducted automated tests to ensure proper rendering and functionality.

EDUCATION

- **University of Swat** Aug 2021 - Aug 2025
Bachelors of Computer Science Swat, Pakistan
 - GPA: 3.65/4.00

PROJECTS

- **School Management System: Al-Azhar Public School (LMS)** Semester Project: Nov 2024 - Dec 2024
Tools: ASP.Net MVC, MySQL, JavaScript, Bootstrap, GSM-Module 
 - Developed a comprehensive system for managing student admissions, attendance, payroll, and fee processing.
 - Implemented automated SMS notifications using GSM-Module for real-time communication with stakeholders.
 - Created exam and transcript generation features, ensuring accurate and efficient academic reporting.
 - Applied a Database-First Approach with MySQL to handle complex data relationships and reporting.
- **100 JS Projects Challenge by XeB: A series of 100 JavaScript projects** Jan 2025 - Mar 2025
Tools: HTML5, CSS3, Bootstrap, JavaScript 
 - Developed a wide range of projects showcasing DOM manipulation and interactive functionalities.
 - Implemented JavaScript solutions for diverse use cases, enhancing web development proficiency.
 - Created responsive designs with Bootstrap and CSS3, ensuring cross-device compatibility.
 - Applied iterative development to explore basic-to-complex JavaScript concepts.
- **Modern and Aesthetic Personal Portfolio: A personal portfolio website** Feb 2025 - Mar 2025
Tools: ReactJS, Vite, JavaScript, Tailwind-CSS 
 - Developed a responsive portfolio showcasing skills, projects, and professional experience.
 - Implemented interactive features with ReactJS and Vite, achieving fast load times and smooth navigation.
 - Created a modern UI with Tailwind-CSS, ensuring an aesthetic and seamless user experience.
 - Applied modular design principles for easy updates and scalability.

SKILLS

- **Programming Languages:** JavaScript, TypeScript
- **Web Technologies:** React, ExpressJS, NodeJS, HTML/CSS
- **Database Systems:** MySQL, MongoDB
- **Cloud Technologies:** AWS, GCP, Azure
- **DevOps & Version Control:** Git, Docker, Linux, Bash

CERTIFICATIONS

- **Hands on ReactJS from Beginner to Expert:** [Link](#) Feb 2025
- **Full-Stack Development 101: What is Full-Stack Development ?:** [Link](#) Feb 2025
- **CSS, Bootstrap, JavaScript, Web Development Course:** [Link](#) Feb 2025
- **Typescript : The New JavaScript for Web Development:** [Link](#) Feb 2025
- **GIT, GitLab, GitHub Fundamentals for Software Developers:** [Link](#) Feb 2025
